

# SILVER STATE PONY CLUB

February 15<sup>th</sup>, 2016  
Volume 1, Issue 1

## Happy Valentine's Day!!

I was thinking a monthly newsletter might be a fun way to communicate upcoming things etc. If you have a topic/article that you think is important please let me know – I'll add it to our monthly newsletter.

We have a bunch of fun things headed our way!! Horse season is beginning!!! With that being said it is important to be ready for any situation – have you thought about getting your CPR certificate?? How about heat stroke training?

Something you might want to take to get ready for falls and hot days. Training for many first aid courses can be found on the PC website. If you hold an elected position in the club you are required to take these courses. They can be found under safety on the USPC Website.

## Items needed

Clair T. our regional leader would like to know:

Could you please email Denise what you and your spouse do and what are your hobbies. This is a great way to have people volunteer in areas that they love.

## Horse Masters

Is anyone interested in participating in Horse Masters?? It is a great way for adults to participate in Pony Club!!! Please let Denise know if you are interested – we would like to create a Horse Masters branch of Silver State and would love for you to participate!!

## Birthdays

I would like to make sure we celebrate all of our birthdays – including all parents, siblings, and pony clubbers. Please email me all your birthdays at [jdenetelli@aol.com](mailto:jdenetelli@aol.com) so we can celebrate with you!

## Upcoming Lessons

February 21<sup>st</sup> - 2:00 Dressage Lesson with Denise at Machen's

## Thank You's!

Special thanks are due the following:

Kelly L. for putting together EBTH.

Kelly D. for having such a fun unmounted lesson at your house – the kids will definitely think twice about not wearing their helmets.

Kat – for giving us a great lesson on helmet checks – it was so needed!!

Hunter, Ashley, and Natalie for participating in barn days.
